

Tips and Tricks for the ND Medical Marijuana Registration System

Registration System Link: <https://mmregistration.health.nd.gov/>

The system seems to operate the best using Google Chrome. Please keep that in mind when using the system.

The **application fee** can be paid by check, cashier's check or money order made out to NDDoH. Mail payment to:

NDDoH; Division of Medical Marijuana

600 East Blvd Ave, Dept 301

Bismarck, ND 58505

Patients=\$50 Designated Caregivers-\$50 Agents-\$200

Use only **one email address**. If you can't remember what email address you used to create your account, or if you would like to change the email address that you used, contact the division at 701.328.1311. Do **NOT** create multiple accounts with multiple email addresses.

If you have forgotten your password, use the **forgot password** option on the login page. The division cannot see your password and therefore cannot tell you what password you originally created and used.

Key items needed for a **patient** application:

- Photo of applicant
- Photo or scanned copy of front of state issued ID
- Health care provider's first and last name
- Health care provider's email address

Key items needed for a **designated caregiver** application:

- Photo of applicant
- Photo or scanned copy of the front of a state issued ID
- 10-digit application barcode number of the patient that the designated caregiver is responsible for
- Criminal history record check completed

When taking or submitting a photo, remember these tips:

- This is the photo that will be on your ID card if your application is approved.
- The photo should be similar to what your driver's license photo looks like.
- A picture taken with your cell phone is fine.
- Do not use your actual driver's license photo as this has holograms on it.
- No filters.
- PLEASE, wear a shirt.
- If your glasses create a glare and your eyes are not visible, retake the photo without your glasses.
- No sunglasses.
- Don't tilt the camera. Ensure that you are taking the photo straight on.
- Submitting a sub-par photo will slow down the application approval process.

If you have trouble uploading your photos, email them to medmarijuana@nd.gov. Be sure to include the applicant's full name and the barcode number from your application in the email.

Don't forget to upload a photo or scanned copy of the front of your state issued ID.

- The ID must be a North Dakota ID
- The ID can be either a driver's license or non-driver photo ID
- The uploaded photo or copy must be easy to read
- Even though you enter your ID number and expiration date, you must still upload the photo or copy of the front of the ID
