Congratulations Providers!

* These rates were calculated using data from the NDHIS for children 24-35 months of age who are up-to-date as of 24 months. This quarter's birthdate range (April 1, 2019, through March 31, 2020).

† 4 DTaP, 3 IPV (polio), 1 MMR, Hepatitis B up-to-date, Hib up-to-date, 1 Varicella, PCV up-to-date

‡ Providers without a previous quarter or previous year rate are new to the VFC program, are new to receiving the quarterly provider rate report with no previous quarterly data available for them or they did not have any children in the selected age range that could be assessed for the quarter.
