# North Dakota Immunization Information System: COVID-19 Doses Administered Report

The COVID-19 Report provides a printable PDF document of all doses of COVID-19 vaccine administered by a provider site. Dose information included in the report will include doses administered by age group and vaccine series, as well as by risk group and vaccine series.

How To Run a COVID-19 Doses Administered Report:

1.) The COVID-19 Doses Administered Report is located under the Pandemic Preparedness Reports Report Type in the NDIIS Reports Module.

2.) Select **Begin Date** and/or **End Date** to define a time range for doses administered.

   a.) The beginning and ending date fields are optional. If there are no dates entered, the report will include all doses of COVID-19 vaccine administered regardless of when they were given.

3.) Select your provider site from the **Provider** drop down menu.

   a.) The report can only be run for one provider site at a time.

   b.) Users will only be able to run the report for the provider site they are currently logged in under. To run the report for a different provider site, the user will need to change their provider site on their NDIIS home page.

Report Type: Pandemic Preparedness Reports ▾

Report: COVID19 Doses Administered ▾

Enter Selection Criteria & Values | Fields Appearing with an Asterisk (*) Are Required.

Begin Date (optional) __/__/____
End Date (optional) __/__/____
* Provider 04933 - NDIIS TRAINING PROVIDER ▾

[Run Now] [Run Later] [Clear]

4.) After all fields have been selected, click **Run Now** or **Run Later** to run the report.

5.) Return to the Saved Reports tab to check the status of your report. You may need to hit the **Refresh** button to update the Reports listed. When the status column lists your report as *Completed*, click the **View** button to open your report PDF.
